HORIZON FITNESS

A BETTER EXPERIENCE
IS ON THE HORIZON

At Horizon Fitness, we focus on what matters in exercise equipment so you can focus on what matters in life.

Horizon Fitness is your partner. We are inspired by your commitment to living the best life possible, and we support your efforts by making the best exercise equipment possible. Our goal is to help you reach your goals.

We make exercise equipment that will stand up to your workouts for years. We invest in quality because your expectations and our standards are high. We all like things that last.

We also know that the best fitness product for you is the one that you will use. We want to help you identify what you need and what feels good so that you can buy something that fits your body and your life.

TREADMILLS

Horizon treadmills are made for walkers and runners of all fitness levels. Every Horizon treadmill is durable, stable, easy to put together and simple to use. We carefully select components and features to offer the best overall package at each price point, and we never compromise on quality. You'll get a solid workout no matter what you choose.

THE HORIZON TREADMILL ADVANTAGE

Horizon treadmills feature exclusive technologies that make our products more comfortable, convenient and durable.

JOHNSONDRIVE SYSTEM

Our digital drive system adjusts instantly to speed and incline changes, so you never feel the motor lag or surge. Johnson motors also run at low revolutions per minute, which minimizes noise. This keeps the motor cool, which is crucial for durability.

FEATHERLIGHT FOLDING

You get the durability of a traditional treadmill and the space-saving convenience of a folding frame. Our hydraulic folding system operates effortlessly and facilitates easy storage between workouts.

VARIABLERESPONSE CUSHIONING

Just like a running shoe, Horizon treadmills use a three-zone system to give you the ideal amount of flex in all phases of your stride. More cushioning in front absorbs some of the impact where you land, the neutral zone in the middle transitions you through your stride, and the firm back of the deck gives you support where you push off.

ENERGYSAVER MODE

After 15 minutes of inactivity, Horizon products equipped with our Energy Saver feature switch to sleep status, which draws less energy.

ESCAPE WITH
PASSPORT

What if you could run through the American Southwest or Northern Italy any time you stepped on your treadmill? Or cycle through an Alpine meadow without leaving your living room? With the revolutionary Passport system, you can. Featuring Virtual Active technology, Passport offers an escape unlike any other.

The Passport media player syncs your exercise equipment to your TV so that you can run or walk as dynamic, high-definition video content is displayed on your television. The experience is further brought to life as you feel gradual incline changes as you go up and down hills or stairs. You will also hear the ambient sounds of your destination through your speakers or headphones.

The Passport media player is sold separately. Look for the Passport Ready logo to find compatible products. Additional destination packs are available at **world.PassportPlayer.com.**

Passport
READY

T5000
TREADMILL

When you take your workouts seriously, you need a treadmill that does, too. Horizon E5000 treadmill is built for runners, so they keep up with you no matter how often you run or how hard you go. With unmatched performance and motivating programming and entertainment, T5000 treadmill delivers on every level.

Drop-down handlebar adds stability

Features found on T5000 treadmill:

- Clear, easy-to-read LED display
- ProFILE performance tracking and wireless heart rate receiver to monitor fitness progress
- Cushioned orthopedic belt to absorb impact and enhance comfort
- Four transport wheels and folding frame for simplified, compact storage
- Extended power incline range for greater workout variety and challenge

T5000

When you want it all, the top-of-the-line T5000 is a perfect choice. This is the premier performance treadmill that keeps you motivated with extensive programming and vast entertainment options, including an iPod dock that allows you to play your favorite playlists through the console speakers.

PARAGON
TREADMILLS

If you're ready for a new fitness routine, the Horizon Paragon treadmills are a smart place to start. We simplified assembly and refined the design to deliver a low step-on height and high folding angle. That makes Paragon treadmills easy to access when you're ready to use them and easy to stow when you're done. With user-friendly features and sturdy frames, Paragon treadmills are a sensible choice.

Speed and incline toggle controls

Backlit power switch (8E)

Features found on Paragon treadmills:

- Low step-on height for greater accessibility
- Four transport wheels and high folding angle for simplified, compact storage
- Ample, convenient accessory storage to keep gear within reach
- Contact grips and wireless heart rate monitoring to help you maintain your effort

Passport READY

PARAGON 8E

With backlit toggle controls and a wide variety of programs, the Paragon 8E brings the highest level of ease and entertainment to your workouts no matter how long or hard you exercise.

PARAGON 7E

A powerful motor and thick, cushioned belt ensure that your workouts on the Paragon 7E remain smooth and comfortable even as they grow longer and more intense.

PARAGON 7S

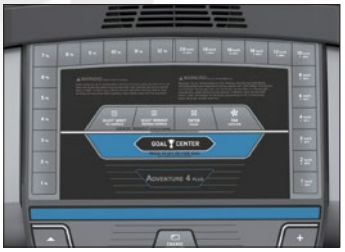
If you're looking for variety, the Paragon 7S offers diverse programming and a track display that keeps workouts interesting and motivating.

PARAGON 5S

Easy to assemble, simple to operate and comfortable to use, the Paragon 5S will have you moving in no time.

ADVENTURE
TREADMILLS

If you love options, you'll love the Adventure treadmills. Horizon's most versatile series lets you select a treadmill with all the features or just a few. Horizon never compromises on quality, so you're sure to get a solid workout regardless of which model you choose.



Goal Center tracking (4 Plus, 5 Plus)

Adjustable cushioning (5 Plus)

Features found on Adventure treadmills:

- MP3-compatible speakers so you can work out to your own music
- Simple Goal Center fitness tracking
- Thicker belts and adjustable cushioning for maximum comfort
- Simple, intuitive displays to help you track your effort while you work out
- Folding frame and front transport wheels for simplified storage

ADVENTURE 5 PLUS

Built for performance, the Adventure 5 Plus has an extra-long deck, a quiet yet responsive motor and a full range of features, such as adjustable cushioning, for endlessly diverse and personalized workouts.

ADVENTURE 4 PLUS

A large motor and long deck give runners the power and space they need to hit their strides on the Adventure 4 Plus treadmill.

ADVENTURE 3 PLUS

Find motivation and make your workouts more entertaining with your favorite music thanks to the audio input and speakers on the Adventure 3 Plus.

ADVENTURE 2 PLUS

When you're ready to take your walking or running workout to the next level, the Adventure 2 Plus offers a variety of feedback measures and diverse programming.

ADVENTURE 1 PLUS

The Adventure 1 Plus is the perfect durable treadmill for a solid workout when value is a priority.

OMEGA
TREADMILLS

When time and space are tight, Horizon Omega treadmills are a great fit. They go together in minutes, and the treadmills fold and store easily when not in use. Plus, the adjustable console makes it easy to get a clear view of the display.

Adjustable console angle

OMEGA 3

Ramp up your workouts with the Omega 3. The expanded programming and powerful motor add variety and intensity when you're ready. Assembly is still a breeze, and the push-button operation puts your favorite workouts at your fingertips.

OMEGA 2

The Omega 2 is a sensible choice when you're ready to get started. Assembly and storage are easy, and you can save and retrieve your favorite workouts with the push of a button.

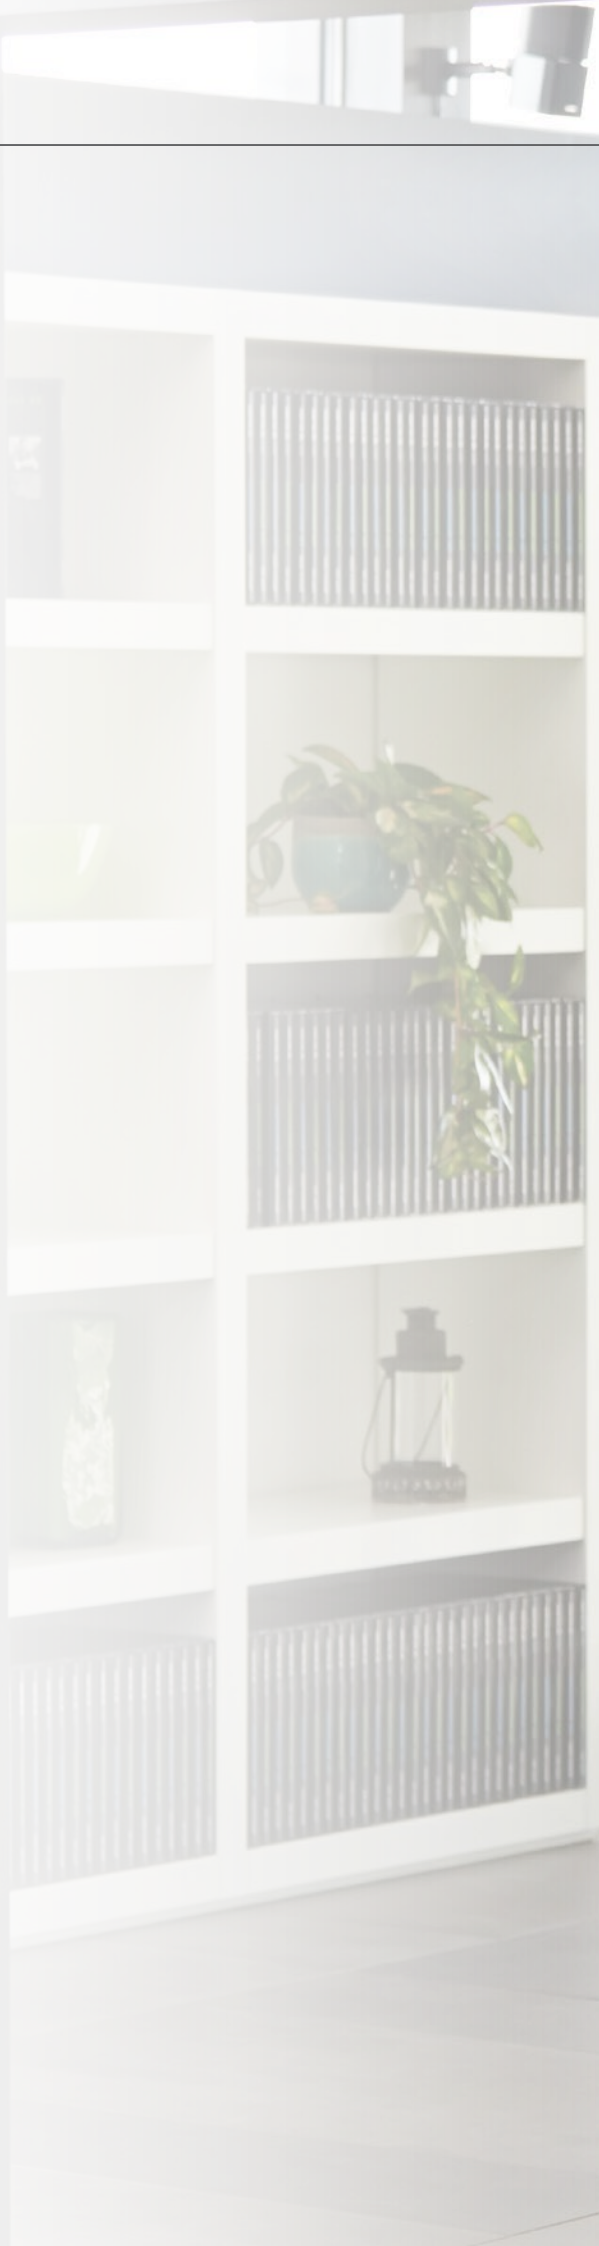
ELLIPTICALS

Being fit feels great. Getting fit can, too, when you have the right equipment. An elliptical is a versatile, low-impact option for home exercise whether you're just starting out or have been exercising for years. And a Horizon elliptical is a smart choice because each of our models is designed to let you move fluidly and naturally. Everything from the step-on height to the handles to the pedal spacing is engineered for optimal ergonomics so that you feel good stride after stride.



ANDES 8i
HORIZON

SIXSTAR
FRAME

THE SIXSTAR ADVANTAGE

Your elliptical should move the way you do. That's what our SixStar frame is all about. We identified the six key elements that deliver the most natural feeling workouts possible.

Ideal pedal placement
Overlapping pedal placement eliminates stress on hips and back.

Straight body posture
An upright body posture is the most comfortable and yields the fastest results.

Low step-on height
Pedals placed low to the ground are easy to step on and off.

Optimal handlebar spacing
Grips are within ideal reach and distance for both small- and large-framed users.

A natural foot path
A flatter elliptical pattern closely mimics a natural running or walking motion.

Smooth momentum
The large drive-pulley ratio creates the smoothest, most efficient motion.

E4000
ELLIPTICAL

This E4000 series elliptical is built for performance. The heavy, balanced flywheel ensures a smooth motion and the SixStar frame enhances comfort in every workout. Plus, advanced programming and entertainment features keep you engaged while you exercise.

E4000

The top-of-the-line E4000 offers premier performance, motivating programming and vast entertainment options.

Passport READY

ANDES
ELLIPTICALS

There's no need to compromise with the new Horizon Andes series. These compact, folding ellipticals feature a comfortable frame and a natural motion, so you are assured a workout that fits your home as well as it fits your body.

Features found on Andes ellipticals:

- Easy three-step assembly
- One-step folding frames for easy transport and storage
- Ergonomic design and longer stride for a comfortable workout
- Innovative Cardio Compass display that works with any wireless heart rate receiver to provide clear, visual workout feedback

One-step folding

Integrated bottle storage and toggle controls (7i)

SIXSTAR FRAME

FEATHERLIGHT FOLDING

ENERGYSAVER MODE

Passport READY

ANDES 7i

An induction brake provides precise, instantaneous resistance changes for a more efficient and effective workout. Plus, the heavy flywheel, expansive programming and large, backlit display make the Andes 7i perfect for advanced training.

ANDES 5

Simple assembly, one-step folding, a compact footprint and the most comfortable feel make the Andes 5 one of the best moves you can make to improve your fitness.

FEATHERLIGHT FOLDING

You get the natural feel of a front-drive elliptical and the space-saving convenience of folding equipment. Our patented hydraulic folding system operates effortlessly and facilitates easy storage between workouts.

ENDURANCE
ELLIPTICALS

SIXSTAR FRAME

ENERGYSAVER MODE

Thorough research, thoughtful design and keen attention to detail make the Endurance series some of the best looking and feeling ellipticals you'll find. Plus, three different incline options ensure you can find the right assortment of features to match your fitness goals.

ENDURANCE 5

Twenty levels of power incline take your workout to even greater heights without sacrificing the comfort and ease of the Endurance series.

ENDURANCE 4

A long stride, a heavy flywheel, adjustable incline, backlit display and diverse programming make the Endurance 4 a comfortable, natural, versatile and entertaining choice in ellipticals.

ENDURANCE 3

The SixStar frame means the Endurance 3 delivers an effective, comfortable workout, and the low step-on height increases accessibility and security while you work out.

BIKES

Feel good from the moment you start your workout to the minute you finish it. Horizon bikes are a smart choice for a high-quality, low-impact workout. Whether you're looking for performance, comfort, a cycling-class style experience or an open-road ride, Horizon has the exercise bike you want and the quality you expect.

U/R4000
BIKES

When you want to work out your way, at your intensity and without compromise, you want Horizon U/R4000. Built for performance, these exercise bikes deliver on every level. You get the Horizon quality you expect along with comfort and workout variety to keep you feeling inspired and engaged every time you exercise.

Features found on U/R4000 bikes:

- Magnetic resistance brake system for a smooth, quiet pedal stroke
- Adjustable seats to help you find a comfortable riding position
- ProFILE performance tracking to keep you focused on your fitness goals
- Contact heart rate grips and wireless receiver to help you maintain your effort level and get the results you desire

Step-through frame (R4000)

Easy seat adjustments (U4000)

ENERGYSAVER MODE

Passport READY

U4000

The U4000 upright exercise bike brings home the feel of the open road. The heavy-duty frame ensures a stable workout, the adjustable seat lets you find the perfect riding position, and the motivating programs keep you focused.

R4000

With a step-through frame for accessibility and a mesh seatback with lumbar support for comfort, the R4000 is the low-impact recumbent exercise bike that just about anyone can use. The console delivers entertainment to keep you engaged, and the contact heart rate grips provide feedback that keeps you on track toward your fitness goals.

COMFORT
RECUMBENT BIKE

You can work hard without being hard on your body. That's why we made the Comfort series. These are the bikes that feel good whether you're going easy or riding strong.

Features found on the Comfort recumbent bike:

- Step-through frame for increased accessibility
- Wireless heart rate receiver that works with innovative Cardio Compass display for visual exertion feedback
- Smart device rack to hold phones and tablets without blocking display
- Thoughtful storage to keep water and towels within reach
- Dual handlebar options and adjustable seat with lumbar support to help you find the most comfortable riding position

COMFORT R

The extra-large seat and ergonomic handlebar make the Comfort R feel great no matter how long you ride, and the integrated transport handle makes it easy to move and store your bike when you're not working out.

ENERGYSAVER MODE

Passport READY

COMFORTR
HORIZON

COMFORT
UPRIGHT BIKES

There are comfort bikes for the road, so why not a comfortable bike for your workout? When your exercise bike feels good, you'll ride it longer and more often. That means you'll get fit faster and with less risk of injury.

Features found on Comfort upright bikes:

- Unique step-through frame for increased accessibility
- Innovative Cardio Compass heart rate display for visual exertion feedback
- Smart device rack that allows you to use smart phones and tablets without obscuring the console display
- Contoured Energy Fit pedals to keep feet in place during intense rides
- Ergonomically designed cycling grips for a comfortable hand position
- Thoughtful, unique storage to keep water and towels within reach

Smart device rack (Comfort 3)

Energy Fit pedals (Comfort 7, 8i)

ENERGYSAVER MODE

Passport READY

COMFORT 8i

*Currently in stock but not part of 2015 once out of stock

The most fully featured upright uses an induction brake for instant, precise resistance changes. The Comfort 8i also offers the most programming, a wrap-around handlebar for the greatest positioning variety and a storage basket for all of your fitness accessories.

COMFORT 7

The Comfort 7 has a multi-position handlebar for versatility and Energy Fit pedals for a smooth riding motion. The larger, backlit display makes it easy to monitor workout feedback.

COMFORT 5

The Comfort 5 features the Cardio Compass heart rate display and a gel seat that further enhances comfort. It also has convenient storage that keeps important gear within reach.

COMFORT 3

With grips that naturally position wrists, an innovative heart rate indicator and a console design that lets you use your tablet without obscuring the display, the Comfort 3 minimizes stress and strain and maximizes feedback.

PAROS PRO
BIKES

The Paros Pro is a great place to start when you want a comfortable and reliable upright bike to help you work toward your fitness goals.

PAROS PRO

An extended slate of programming expands your workout options and keeps you engaged as fitness becomes a regular part of your daily routine.

OXFORD 5
ROWER

The folding Oxford 5 rower uses air resistance for a smooth, natural full-body cardio workout, and features like the pivoting console and front-panel storage keep your feedback in sight and your water within reach.

Features found on the Oxford 5 rower:

- Aluminum rail for a smooth, gliding motio
- Oversized footpads with adjustable pedal strap
- Wireless heart rate receiver for accurate performance feedback
- Battery-operated console for cord-free operation so you can use it wherever you like
- Easy folding and transport for compact storag

TORUS
STRENGTH

Sturdy construction and adjustment options give you the stability you need to feel secure during your strength-training routine. With more than 40 possible exercises, a Torus home gym provides the variety you need to stay motivated.

TORUS 5

The durable leg press station and vertical knee raise station along with a mix of handles and cuffs bring versatility to your workouts.

TORUS 3

The heavy-gauge steel-tube frame keeps the Torus 3 stable as you explore diverse upper- and lower-body exercises.
